

**Job Title:** Level 1 Machine Operator

**Location:** 3824 Abram Rd, Mission, TX 78572

**Company:** IHC Suspension

**Job Type:** Full-Time

## **Job Description:**

We are looking for a motivated and dependable **Level 1 Machine Operator** to join our production team. In this **entry-level role**, you will be responsible for operating and assisting with the setup of various machines, including CNC equipment, laser cutters, and other manufacturing tools. This position is ideal for candidates looking to start a career in manufacturing, with opportunities for growth and skill development.

## **Key Responsibilities:**

- Assist in the setup, operation, and monitoring of various machines, including CNC machines, laser cutting equipment, and other manufacturing tools.
- Load and unload materials onto machines, ensuring proper alignment and securing of materials for safe operation.
- Follow detailed instructions and standard operating procedures (SOPs) to ensure machine operation and product quality.
- Monitor machines during operation and perform basic troubleshooting to identify and resolve issues as they arise.
- Conduct quality checks on finished products to ensure they meet specifications and tolerances.
- Clean and maintain machines and workstations, including performing basic machine maintenance and reporting any maintenance needs.
- Assist in the changeover of machines between different production runs.
- Record production data, material usage, and any issues during the operation in a timely manner.
- Collaborate with team members and supervisors to meet daily production goals and deadlines.

## **Qualifications:**

- Manufacturing Certificate or 1 year experience related field.
- Strong attention to detail and the ability to follow instructions accurately.
- Ability to read and interpret technical drawings and blueprints.
- Basic mechanical aptitude or interest in learning about machine operation and maintenance.
- Ability to work effectively both independently and as part of a team.
- Ability to stand for extended periods and lift up to 50 lbs as needed.
- Good communication skills and the ability to work with minimal supervision.

## **Preferred Skills (Optional):**

- Previous experience in a manufacturing environment is a plus, but not required.
- Basic understanding of machine operation and safety practices.

## **What We Offer:**

- Competitive entry-level salary, vacation and paid time off.
- On-the-job training and opportunities for career advancement.
- A dynamic and supportive work environment.
- Exposure to state-of-the-art machinery and technology.

## How to Apply:

If you're eager to start your career in manufacturing and want to grow your skills, we encourage you to apply!
