

**Job Title:** Level 2 Machine Operator

**Location:** 3824 N Abram Rd, Mission, TX78572

**Job Type:** Full-Time

**Pay:** \$15.00 - \$17.00 Hourly/Weekly Pay

**Shift:** M-Thurs 7:30am – 6:30pm

## About Us:

Suspension is an aftermarket suspension company that manufactures lowering kits for domestic pickup trucks. We manufacture, sell, and distribute all IHC products in Palmview Tx. We pride ourselves on delivering exceptional service and high-quality products to our customers. Join our team and contribute to a fast-paced, collaborative environment where your efforts make a difference.

## Job Summary:

We are seeking a reliable and skilled **Level 2 Machine Operator** to join our production team. In this role, you will be responsible for operating and performing basic setups on various machines, such as CNC machines, laser cutting equipment, press brakes, or other manufacturing tools. You will be expected to ensure smooth machine operation, troubleshoot minor issues, and assist in maintaining production efficiency.

This is a great opportunity for individuals with prior machine operation experience who are looking to expand their skills and grow within the company.

## Key Responsibilities

- Perform setups and adjustments on machines, including CNC equipment, laser cutters, and other manufacturing machinery.
- Load and unload materials onto machines, ensuring proper alignment and secure positioning for safe and accurate operation.
- Operate machines to produce parts according to specifications, ensuring parts meet quality standards and tolerances.
- Monitor machines during operation, making adjustments as necessary to maintain optimal performance and production rates.
- Troubleshoot basic machine issues and perform minor repairs or adjustments to ensure continuous production.
- Perform routine machine maintenance tasks, such as cleaning, lubricating, and checking for wear and tear.
- Conduct quality checks on finished products to ensure they meet specifications.
- Maintain a clean and organized work area, adhering to safety and environmental guidelines.
- Accurately document production data, material usage, and any machine issues in production logs.
- Work with supervisors and team members to meet production targets and deadlines.

## Requirements & Qualifications

- Associate degree or **2 years of relevant work experience.**
- Previous experience as a machine operator or in a manufacturing environment.
- Basic understanding of machine operation, including the ability to perform setups and adjustments.
- Ability to read and interpret technical drawings and blueprints.
- Strong attention to detail with a focus on quality and precision.
- Good troubleshooting skills and the ability to address minor machine issues.
- Ability to work independently as well as part of a team.
- Ability to stand for extended periods and lift up to 50 lbs as needed.
- Good communication skills and the ability to follow instructions accurately.

## Preferred Skills (Optional)

- Experience with CNC machines, laser cutting equipment, press brakes, or similar machinery.
- Basic knowledge of CAD/CAM software or machine control systems is a plus.

## Why Join Us?

- Competitive pay
- Vacation time
- Opportunities for growth and advancement.
- Friendly and supportive work environment.
- Paid holidays
- Travel opportunities to top industry trade shows

## How to Apply:

Interested candidates, please submit your resume and a brief cover letter to [careers@ihcsuspension.com](mailto:careers@ihcsuspension.com) or apply online at [www.ihcsuspension.com/careers/](http://www.ihcsuspension.com/careers/)
